

CME Dinner Symposium

## BREAKING BARRIERS:

# Integrating Diagnostics and Therapies for Optimal Patient Outcomes

**Time:**  
18:30-21:00

**16**  
**Apr 2024**  
Tuesday

**Venue:**  
Sung Room  
Sheraton Hong Kong Hotel & Towers  
20 Nathan Road, TST, HK

Fungal infections, particularly invasive ones, pose a formidable threat to patients and health care systems worldwide. The diagnosis of fungal infections can be complex and time-consuming while the management of these infections often requires a multidisciplinary approach.

The symposium aims to shed light on these challenges and foster discussions on innovative solutions and strategies to overcome them. Don't miss this unique event that aims to break barriers and pave the way for enhanced patient care!

### PROGRAMME

18:30-19:00 Reception

19:00-19:05 Opening Remarks

19:05-20:00 Guest Presentation

**Antifungal Susceptibility Profile of *Candida* Species:  
Insights from the Experience of a Tertiary Referral Hospital  
Laboratory in Hong Kong**

By **Dr Lily CHENG**

*Specialist in Infectious Disease, Department of Pathology, United Christian Hospital*

Supported by

**ThermoFisher**  
SCIENTIFIC

20:00-20:55 Guest Presentation

**Treatment of Invasive Fungal Infections:  
Optimizing Patient Outcomes**

By **Dr Asok KURUP**

*Specialist in Infectious Diseases, Mount Elizabeth Hospitals, Singapore*

Supported by

**Pfizer**

20:55-21:00 Closing Remarks

*Each presentation will include a Q&A session for 5-10 minutes.*
